

Which career is right for you?

With the education & training to get you started.

NCcareers.org is
North Carolina's one-stop
destination for high-quality
career information to help you
chart your future.

DREAM IT. PLAN IT. BE IT.
NCcareers.org

Explore occupations with resources to identify, plan for, and achieve your goals.

So how does it work?

NCcareers.org has simple tools to help you learn about jobs. See what a job does, the work environment, and skills and education required. Start by matching career goals to related occupations using:

- Interest Finder** – find your work personality type
- Career Cluster Match** – identify career fields that match your interests and skills
- Reality Check** – identify your lifestyle goals and budget choices
- Work Values Sorter** – prioritize the work values that are most important

Learn more about the occupations you identify in the **Explore Occupations** section.

Education, Training Opportunities, & More

NCcareers.org provides information on education and training opportunities after high school. Learn about degrees and certifications offered at NC universities and community colleges using **Program Locator**.

Use **Career Journey** to help identify additional occupations and build a custom career path.

Connect to CFNC.org, for help planning, applying, and paying for college, and NCWorks.gov, for help finding a job.

Start planning today.

We make planning for your future simple.
