

Forgivable Education Loans for Service (FELS) Approved Education Programs 2022-2023

The Forgivable Education Loans for Service Program was established by the North Carolina General Assembly to assist qualified students who are committed to working in North Carolina in designated critical employment shortage professions. Students interested in receiving assistance through the FELS Program should read the loan forgiveness eligibility requirements for the education programs listed below and the FELS Program Rules prior to submitting an application. Required residency, internship, or supervised training positions prior to obtaining full licensure in a profession do not qualify for loan forgiveness. Example: Licensed Professional Counselor Associate or Licensed Clinical Social Worker Associate positions are not eligible for loan forgiveness. Students who do not fulfill the service requirements must repay the loan in cash, plus interest, which begins to accrue upon disbursement of the loan.
